

REQUEST TO APPROVE 2015-16 TUITION AND FEES

Recommendation:

Staff recommends approval of the 2015-16 Tuition and Fee schedules as presented.

Summary:

Staff has developed the tuition and fee schedules based on the approved Budget Development calendar and assumptions, along with the discussion at the March 2015 regular board meeting. The budget development assumptions for tuition and fees include: Tuition and general fees will be set at a rate that: A.) gives consideration to the impact on students, student enrollment, and student retention rates; B.) increases incrementally; and C.) is competitive in our market by maintaining a comparative position to the average tuition at other Arizona community colleges. Course fees will be set at a rate calculated to offset expendable supplies and equipment.

Historical tuition rates are included along with comparative information to projected tuition rates at other community colleges in Arizona.

2015-16 revenues compared to the current budget are expected to increase approximately \$100,000 if the proposed \$2 per credit hour increase is approved. A similar percentage increase to the proposed in-state tuition is also proposed for out-of-state tuition.

Tuition Scholarships

Finish Line: *Last twelve (12) credits of degree*

A reduction in total tuition costs allow for scholarships to benefit individuals who are close to completion. Applicants will be required to demonstrate that a Pell grant application has also been completed. An annual budget of \$100,000 has been included in the operational budget of the General Fund. Participation in the program is expected to grow as the option becomes more recognized and students begin planning to maximize the benefit.

College Bound: *Seven general education (AGEC) credits each semester for high school students*

Qualified high school students with a 3.0 GPA can apply to participate in the free seven-credit AGEC program. An annual budget of \$100,000 has been included in the FY 2015-16 preliminary budget. Interest and potential participation is expected to grow as the benefits of the program become more.

Reduced Tuition

Summer session courses reduced by 50% Net tuition revenues are expected to remain stable or increase as the reduced summer tuition rate is implemented in 2015.

TLC (The Learning Cornerstone) courses reduced by 50% Net tuition revenues are expected to remain the same in FY 2015-16 as FY 2014-15.

Western Undergraduate Exchange Participation Tuition

Northland Pioneer College participates in WICHE's Western Undergraduate Exchange (WUE). WUE is a regional tuition-reciprocity agreement that enables students from WICHE states to enroll in more than 150 participating two and four-year college public institutions at 150% of the enrolling institution's resident tuition. WUE is the largest program of its kind in the nation, and has been in operation since 1987. WUE is not a short term exchange, it is meant to be used for a full degree.

Course Fees

Instructional staff conducted a comprehensive review of all course fees to assure fees are based on cost of consumable supplies and other course specific expenses. Over 1,200 courses are listed in the current catalog, with less than one-third of the courses requiring a course fee. Proposed course fee changes are expected to cover new courses and the increased cost of course supplies, equipment maintenance, and course-specific operational expenses.

Additions are proposed in the Arts and Sciences division for new courses associated with Film and Digital Video curriculum.

In the Career and Technical Education division, all ATO course fees were increase from \$55 to \$75 due to the increased cost of automotive consumables for lab instruction. All IMO courses except the ones listed separately were increased from \$145 to \$160 due to the increased cost of the eLearning system. The students curriculum is all on-line and there is no additional cost to students for book. The listed courses are not on the eLearning system and students pay for books with course fee needed to cover the cost of consumables. The MET fee is being increased to offset the online eLearning cost; the students have no book costs. The WLD fee is being increased to account of the increasing cost of consumables, particularly metals.

The Nursing and Allied Health division is the decreasing the cost NUR 121, 122, 221, and 222 from \$500 to \$400 as students will begin purchasing Elsevier online access directly.
