

## **Request to Approve the Purchase of Networking Equipment**

### **Recommendation:**

Staff recommends an approval to purchase networking equipment from World Wide Technology, Inc. in the amount of \$58,166.59.

### **Summary:**

The proposed purchase will allow staff to upgrade an end-of-life router at the White Mountain Campus (WMC) to support a recent large-scale increase in network traffic. The existing router will be repurposed to provide services at another College location. Two new switches will support a server enclosure at WMC that provides critical services to College operations.

COMMENTS/SPECIAL INSTRUCTIONS:

Network & Systems Admin

All vendors for service, equipment rentals, and leases must have a W-9 compliance form on file with the Business Office. If the vendor is not listed on the 1099 listing, a completed W-9 form must be attached to the requisition.
