Save a Life with CPR Training

Every year, about 720,000 Americans have a heart attack. Every day, about 10 people die from unintentional drowning. Of these, two are children aged 14 or younger. **Are you prepared for life-saving procedures?**

Register this fall for a **CPR/First Aid (EMT 104)** class in either Winslow or Show Low and learn how to save lives!

Keep informed about emergencies

NPC wants to keep you informed about emergency or crisis situations. In addition to the RAVE Notification system, you can now download a **FREE In Case of Crisis** App for your smartphone or tablet. (*Sorry, does not work on laptop or desktop computers.*)

Visit your device's App Store, search for **In Case of Crisis Education**. Once downloaded, open the app, click the "+" sign and scroll through the list until you find **Northland Pioneer College**. You'll have the option to download for an individual campus/center, or for all locations. Share the app with family and friends!

You'll find plenty of useful tools and suggestions on what to do in an emergency or crisis situation.
